

Dear Senior Class Counselor,

Eastern Shore T1 Diabetic Support Foundation was formed to provide support for individuals living with Type 1 Diabetes and those that may be caring for someone with Type 1 Diabetes by raising funds to send children to summer camp and for the past two years we have a scholarship program for graduating Type 1 Diabetic seniors. We are reaching out to schools on the Eastern Shore of Maryland and Southern Sussex County Delaware to get the word to seniors who will be graduating in 2023.

We are asking that you include our scholarship application in any packets you provide to graduating seniors. There may be some with Type 1 Diabetes that can benefit from our scholarship program. We originally set out to provide one senior with a \$1,000 scholarship annually, but our funds have allowed us to be more generous over the past two years.

In 2021, EST1DSF gave 3 - \$1,000 scholarships to students who are now attending Hampton University, University of Delaware and Delaware Tech. In 2022, we only had one applicant and he was presented with a \$2,500 scholarship and will attend Wor-Wic Community College.

We hope that more T1D seniors are made aware of our scholarship so we would appreciate you passing our scholarship application onto all seniors and especially T1D seniors (if you are aware) so they can possibly benefit from our program. They can complete the paper application attached and submit it with the documentation required or they can go online to www.est1d.org/scholarships and submit it electronically or email the complete application to Katie Rimel at katie@fraoc.com.

Thank you for helping get the word out about our scholarship program.

Sincerely,

Tonja Sas
Secretary EST1DSF
